

CARETAKERS ROLE

We are looking for Caretakers to live on site! Rent free! Platform is in the process of setting up a brand new education first model within a residential setting. This program will be called Lemongrove House.

In a snapshot, if you were to express an interest in the Caretaker's role, these are some of the great perks for you to consider:

1. Free rent! That's right, you read it correctly – free rent. Let's be honest, in the current climate of housing crisis in the Nepean there is such a shortage of properties to rent, then the cost of rent is up there with a mortgage payment, ahhh no thanks!
2. Free utilities – yes that is right, free electricity, free water, no rates.
3. A secured Caretaker cottage – separate from the rest of the house with a small secure courtyard – perfect for your fur baby!
4. The premises is airconditioned – summer is just around the corner and let's be honest, the heat in Penrith is horrendous.
5. The residence will be unfurnished so you can bring in your own stuff and not have to pay for storage
6. The workers (not the Caretakers) will be on site until 10pm each night.
7. You will have on site, secure car parking for up to 2 cars.
8. Your own entry/exit point so you don't have to go through the main house.

To be eligible for the Caretaker's position, these are some of the commitments you are required to uphold:

1. There is a clear expectation of the caretakers, that they will be some engagement with our very well selected and assessed young people who will have the opportunity to move into this program.
2. Care takers must be committed and ensure they return to the site by 10pm – when the workers depart.
3. Limited overnight guests.
4. It will be a selective process, because we want the best people for the role.
5. We want people who are people, people!
6. Current WWCC
7. Current National Police Check

If you feel you and your partner would like to have further discussion about this role, please contact Platform's Senior Manager, Meghan Winckle directly on: 0422 259 955.

Finding the right people who are energetic, compassionate, honest – is exactly who we want.
